The topic for our first workshop in this 10-month series will be *How to Design an Emergency Action Plan*. Attendees will learn the elements involved in putting together a comprehensive and effective document that will meet all government requirements for your church.

This workshop will cover:

- Do I need an Emergency Action Plan?
- How do I write my own Emergency Action Plan?
- How do I evaluate my church to comply with OSHA's emergency standards?
- Who must be trained on the plans and how is training conducted?

Attendees will receive:

- Course Handout
- Emergency Action Plan Template that can be used for your church
